### AMENDMENT AND RESPONSE TO RESTRICTION REQUIREMENT

In response to the June 24, 2008 Restriction Requirement, Applicants elect Group III, with traverse as to Group IV. Claims of Groups I, II, and V are being cancelled, and may be pursued in future divisional applications.

Group III consists of Claims 73-76 and 105-107, drawn to a plant extract from either pomegranate (Claims 73-76) or black raspberry (Claims 105-107). An election of species was also required but the Claims listed for Group III were not assigned to a species group. In an abundance of caution, Applicants elect the species of an extract of black raspberry, with the additionally added compound of a derivative of gallic acid, e.g., ellagic acid. Claims that read on the elected species are claims 105, 106, and new claim 140.

Amendments to the Claims are reflected in the listing of claims which begins on page 3.

Remarks/Arguments begin on page 13.

Applicants are paying a fee of \$60 by credit card, through Private PAIR, as a small entity, to extend the date for response from July 24, 2008 to August 24, 2008 (37 C.F.R. § 1.136(a)(3)). If this amount is incorrect, please refer to the Deposit Account Authorization previously filed with this application. If any additional extension of time is required, please consider this paper a petition for the total extension of time required.
